

GET IN TOUCH GIRLS' PROGRAM

Opt-Out Form

Dear Parents/Guardians,

On _____, your child's class will be participating in The Get In Touch Foundation's Girls' Program. The learning materials your student will receive include a Daisy Wheel, an educational tool with 8 tips on how to do a breast self-exam.

Learning how to do a breast self-exam at an early age can help students establish a comfort in knowing their bodies, and encourage them to discuss changes and concerns with a parent, school nurse, or doctor.

You can find more information on the Get In Touch Girls' Program and Daisy Wheel on The Get In Touch Foundation's website at: www.getintouchfoundation.org/girls-program/daisy-wheel/.

If you **DO NOT** want your child to participate in the Get In Touch Girls' Program, please return the form below

to _____ by _____

No, my child cannot participate in the Get In Touch Girls' Program. Please find another activity for my child.
